BRITTLE BONE SOCIETY (BBS)

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT)

FOR THE YEAR ENDED 31 MARCH 2023

The trustees, who are also the directors for the purposes of company law, present their report and the audited financial statements of the charity for the year ended 31 March 2023.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's Articles of Association, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended) and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019).

New Organisational Format

The charity was incorporated on 13th October, 2020 to take over the entire charitable activities of the original Brittle Bone Society which operated as a charitable unincorporated trust (Scotland SCO10951, England & Wales 272100). This was carried out as part of an extensive plan to modernise the structure of the charity.

For the initial period to 31st March, 2022 the company remained dormant. From the 1st April, 2022 all assets, liabilities and activities of the charitable trust were transferred over to the company. The former charity will be struck off the charities register once the final administration on the old bank accounts has been completed.

The transactions of the original charity for the year to 31st March, 2022 are disclosed via an appendix to these accounts to aid comparison with the current year.

Objectives and activities

The objectives of the charity are to advance research into the causes, inheritance and management of Osteogenesis Imperfecta and similar disorders, to publish the useful results of such research and to relieve persons from such disorders. The charity also provides advice, support and financial assistance to anyone affected by OI.

Our Aims are:

- To decrease the level of isolation felt by people living with OI
- Increase the level of independence of people living with OI
- To increase opportunities for individuals to take charge of their own health

Achievements and performance

The trustees have paid due regard to guidance issued by OSCR and the Charity Commission in deciding what activities the charity should undertake. The trustees would like to highlight the main strands of activities undertaken in furtherance of the above objectives below.

Collaborative working

The charity made arrangements to honour the memory of Dr Margaret Grant MBE. The **'Touch a Life Legacy Award'** was launched and awarded to the first winning recipient, a student of Nursing from the School of Health Sciences in November 2022. This annual award will ensure the name of both the charity and founding member, Margaret Grant are kept in prominence in the home city.

History Bones Archive

The University of Dundee archive project continues to complete the collation of the collection. They hope to build on the 'oral history' of the Society and admit their progress in this respect is slow. Wellcome Trust funding to the University has ceased, however the archivist enlisted has returned to work on the project. The BBS remains in contact with the University on this programme.

Information and Events

It is fair to assume most individuals have tired of online events and there is a keenness to return to normal face to face event contact and communication. We continue to work closely with the healthcare professionals and resurrected our events programme from February 2022 hosting a research themed event in Dundee. There is still a place for online communication, however trustees agreed that the vast majority of our workings with members should aim to be in person.

Events held and key milestones in the financial year were:

2022	May	OICAN Outdoor Event - Exmoor Devon
	July	Mini Conference, London
	September	Family Fun Day, Sheffield
	September	ICCBH OI2022 International Conference, Sheffield
	October	Online BBS Family Conference
	Nov, Dec	Kid's hospital packs & Xmas goody bags
2023	January	Covid paper published
	January	Care Pathways - project management provided by VMLY&R Health
	February	Mini Conference, Athlone, Ireland

AGM

This covered usual business, annual accounts and overall annual reports/highlights.

The following resolutions were proposed at the AGM:

- the presentation of the annual report and accounts of the charity for the year end 31 March 2022;
- resolutions to re-elect certain of the trustees;
- a resolution to elect trustee Robert Gordon as trustee and treasurer
- reappoint the auditors Bird Simpson;

Resolutions – Full Results

Annual Report and Accounts proposed by Thines Ganeshamoorthy and seconded by Robert Gordon
Robert Gordon as Trustee and Treasurer, proposed by John Phillips and seconded by Sally Harris
Professor Margaret Smith as Trustee, proposed by John Phillips and seconded Elaine Healey
Thines Ganeshamoorthy as Trustee, Steve Edney and seconded by Liz Robertson
Elizabeth (Liz) Robertson as Trustee proposed by Elaine Healey and seconded by Steve Edney
Auditors Bird Simpson (re-appointed) proposed by Robert Gordon and seconded by Jenny Taylor.

Charity's Operational Report

A brief overview of the year's highlights as listed in the Annual Review were presented. Thanks were noted to both the charity's Medical Advisory Board and Scientific Advisory Board, gratitude to all trusts and grant making organisations for their financial support. Thanks were voted to all volunteers and members, to everybody who was involved in fundraising and to the hard work of all staff throughout the difficult year.

Going forward a commitment was given to covering support, policy, campaigns, working groups and a variety of events. Including kids' workshops. Also, an announcement that the BBS would host their OI CAN outdoor event in May 2023.

Surveys and Consultations

Covid survey was approved and published in Jan 2023 with Independent Living awaiting final sign off. The International "impact" survey – the first international survey carried out of this size to ingather data in relation to OI was a huge success, receiving over 2500 responses. The initial findings of which were published in late 2022. The results were better than many expected and will result in production of 4 in-depth separate detailed reports.

Links with all NHS remained strong and our mission to finalise clinical care guidelines has developed into patient care pathways. We have held numerous meetings and conducted surveys to ingather yet more data to support and evidence the gaps and support the call for better adult care for those with OI. We gained funding to pay then WPP, now VLMYR Health agency to help co-produce and project manage the project.

Communications

Our Comms strategy was extremely important over this period and we have been enjoying increased levels of contact with our community. Our stats around reach, impression, engagement and downloads of resources over all our social media channels has been steadily rising. Trustees continue to support a fee to our 'experts' to write blog posts and articles.

The charity's website was launched in Feb 2022. The improved website is easier to manage and results demonstrate individuals are using the website to ingather useful information and resources.

Wheelchairs, equipment and financial assistance

Funding provision for those who require assistance in securing the correct wheelchair continues. Our process remains robust. All applications must be supported by an NHS endorsement. Applications are reviewed and approved by our CEO. Summary (anonymised info is shared quarterly to trustees at trustee meetings to keep them appraised of the volume of wheelchairs being sought at periods across the year). Delays in securing qualified OT's to do assessments continued to be a problem due to the pandemic, resulting in longer delays for people who required their mobility equipment. BBS secured a significant grant for wheelchair funding from Motability in November 2022 to last for a three year period to the total value of £100,000 per year for three years.

Research

We continued to be involved in research such as sharing updates on new research and news of new clinical trials as they became available to keep members up to speed on latest developments. BBS funded a number of projects in 2023 all of which are detailed on the charity's website. One project was postponed while ethical approval was confirmed.

Awareness Campaign

The OICAN May Campaign. The charity invited a number of real world expert individuals to become the "Faces' of the May campaign. These people from all around the UK who live with varying degrees of OI – got on board with the campaign.

The BBS Patient Charter was drafted, being a statement of the respect, care and support that people living with OI deserve and should expect. The charity aimed to present the results to the Scottish Parliament in May 2023 and will do the same at Westminster in June 2023.

Subscription and Third Party Affiliations

The charity holds membership and affiliation of a number of relevant organisations including Genetic Alliance, EURORDIS SCVO, NIRDP, NCVO, Society for Endocrinology, Specialised Healthcare Alliance. We also have good links with Rare Disease Ireland and NIRDP. We have membership to the Chartered Institute of Fundraising and we obtained approval and membership to the Scottish Fundraising Adjudication Panel which is the Scottish equivalent of the Fundraising regulator. We have membership to the OIFE, the umbrella organisation in Europe for OI groups and maintain strong links with friends in the USA – the OI Foundation. In terms of relationships we also work with those in the informal rare bone alliance from the HPP, XLH and Fibrous Dysplasia Communities.

Income

The income of the year amounted to £427,244 and again includes several substantial legacies. In addition to the legacy income the charity has a good variety of other income strands, with donations from individuals, trusts, and pharmaceutical companies as well as fundraising income raised by members and friends of the charity. An application for a three year funding package of £100,000 per annum towards wheelchairs was successful, and has already helped to finance several wheelchairs.

The pandemic had initially curtailed most fundraising activities, whilst there has been a steady increase in these activities the income is not quite at the level it was pre-pandemic.

We look to cover the cost of events from outside sources, allowing us to increase the spread of services offered by the charity's own resources. The charity continues to explore and apply to various funding institutions and continues to seek out relevant sponsorship to boost its designated and restricted funds.

Expenditure

As a small-medium sized charity with limited resources we ensure that all donations are spent as efficiently and effectively as possible. The new ways of working introduced via necessity from the pandemic have highlighted many cost efficiencies for holding meetings and contact with our members, some of which will be continued. The charity has invested in a new website and the focus on digital communication with members and the general public, providing information on OI, raising the profile of the charity and encouraging fundraising.

Fundraising

The charity remains immensely grateful to all those individuals who fundraised for the BBS throughout the pandemic. Whilst we do not encourage fundraising during Wishbone Day itself as it is primarily about raising awareness, many people do decide to fundraise. Its particularly pleasing so many young children want to participate, so whilst the funds are welcome the awareness is also positive and helps recruit youngsters to the charity and to understand our purpose early on.

The charity continued to rebuild its fundraising efforts during the year after the pandemic. We again received legacies in the year which have helped our financial position.

Pharma Funding

We received grant funding from Alexion and Mereo Biopharma further to applications being lodged with them, that described all our various projects e.g. our family in person events and to help fund our care pathways project.

Financial review

The financial statements show that the charity reported a surplus of £57,777 for the year (2022 - surplus £256,971). Total income for the year was £427,244 (2022 - £509,663). Last year the charity received several very generous legacies, whilst this year saw the receipt of the first instalment of £100,000 of a restricted donation for the purchase of wheelchairs which will total £300,000 over three years. This boost to funds has enabled the charity to assist in providing new wheelchairs for many members and given added security to the charity's financial position. Expenditure for the year was £369,695 (2022 - £252,563), including £143,477 for wheelchairs and £14,950 towards research.

The charity's net asset position has continued to improve and overall fund balances of £676,365 were reported at the year end (2022; £618,588). Unrestricted funds total £564,291 and of this the trustees have designated £221,854 specifically for wheelchairs and research funding as detailed in Note18.

The trustees are satisfied with the financial position of the society and look forward to continuing the charity's activities with the security of sound finances.

Going Concern

The level of unrestricted funds is greater than required in the reserves policy set by the trustees and consequently, the trustees have a reasonable expectation that the charity will continue in operational existence for the immediate foreseeable future via the new limited company structure and have therefore, used the going concern basis in preparing the financial statements.

Particular consideration has been given to financial matters with the uncertainty surrounding the consequential effects of the Covid-19 pandemic upon income levels. The trustees will continue to monitor this situation closely, and react to changing circumstances as required.

Reserves Policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at a level equivalent to between three and six months' expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised.

With the generosity of several legacies in recent years this level of reserves has been exceeded throughout the year.

Investment Policy

The trustees gave careful consideration to the level of reserves held and formed a sub-committee with the remit of ensuring that these funds were safely invested. A new investment policy was drafted and it was agreed that a portion of the funds held on deposit would be transferred into a suitable investment. The funds transfer did not take place until after the year end.

Risks

The trustees give careful consideration to the major risks to which the charity is exposed and maintain a risk register which is reviewed at board meetings. The trustees are satisfied that wherever possible, systems are in place to mitigate exposure the major risks.

Plans for future periods

The trustees intend to carry on with all current activities within the new limited company format and the financial stability that the recent generous legacies will allow this. In particular, the following projects and activities have been identified;

Support; information; wheelchairs and equipment; research and advocacy.

Structure, governance and management

The original Brittle Bone Society charity was founded as a trust and registered under charity reference numbers SCO10951 & 272100 in Scotland and England & Wales respectively. Its trustees and members agreed to transfer all of the charity's activities into a limited company format and all formalities for this were completed by 1st April, 2022.

The present limited company charity was established awaiting the transfer of the whole of the activities, assets and liabilities of the original Brittle Bone Society on 1st April, 2022. The charity was registered with the Office of the Scottish Charity Regulator on 22 March 2021 and remains active throughout the UK. It is incorporated and governed by its Articles of Association.

The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Elaine Healey	
John Phillips	
Robert Gordon	
Yvonne Grant	
Prof N Bishop	
Thines Ganeshamoorthy	
Prof M Smith	
Gareth Cumming	(Deceased 20 August 2022)
Angie Stewart	
Dominic Hyams	(Appointed 15 November 2022)
Elizabeth Oberle-Robertson	(Appointed 24 August 2022)

Nominations for trustees can be made by any member of the charity and are are voted upon at the AGM. The board of trustees shall have not fewer than 9 and not more than thirteen trustees. On election or adoption trustees are supplied with the relevant publications from the Charity Commission and the Office of the Scottish Charity Regulator. The charity supplies full job descriptions for trustees and office bearers, copies of the Articles of Association and other policy documents relevant to the governance of the charity.

Trustees are encouraged to contact the appropriate regulator or, if necessary, other sources of information should they have any enquiries. Trustees are also required to sign a Declaration Form confirming that they are not in any way legally disqualified from serving

None of the trustees has any beneficial interest in the company. All of the trustees are members and directors of the company and guarantee to contribute £1 in the event of a winding up.

Meetings and Administration

The trustees meet at least three or more times per year depending on the business to be considered. Decisions are made based on motions, duly proposed and seconded, either at the meeting or resolutions in writing. Motions are carried on a simple majority of the trustees attending and voting. This is subject to the constitutional requirement that a minimum of three trustees must be present at any meeting.

In addition the Chair, Vice Chair, Secretary and Treasurer together with the Chief Executive Officer prepare regular reports for the trustees. A Finance sub-committee has been established during the year to have oversight of financial matters including the introduction of an investment policy.

All trustees give up their time freely and no trustee received remuneration in the year. Details of trustees expenses are disclosed in note 9.

The trustees administer and manage the charity and employ a Chief Executive Officer to manage the day-to-day operations. Whilst the Chief Executive Officer is normally in attendance at the meetings of the trustees, she has no voting rights, her participation being on an ex-officio basis. The CEO regularly emails and discusses and consults with the Chairman, Secretary and Treasurer on operational matters.

General meetings

A general meeting of members is held each year, with a quorum being at least 30 of those individuals entitled to vote.

Membership

BBS encourage those who wish to support our work to become either members or supporters or both. The clear distinction of membership entitles the holder to vote at our AGM.

Key management personnel

As a small charity the key personnel consists of the trustees, the Chief Executive and the Support/Development Officer, the small team is complimented by admin support and a communications officer.

The CEO is responsible for directing, controlling, running and operating the charity on a day to day basis and reports regularly to the Trustee Board.

The salaries are disclosed in note 10 of the accounts. The pay of all staff is reviewed annually, having regard to general pay inflation and budget constraints.

Volunteers

Outside of the head office, the charity relies on volunteers throughout the UK to help raise funds and provide peer support for others affected by Osteogenesis Imperfecta

Small company provisions
This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

The trustee's annual report was approved on 15th July, 2023 and signed on behalf of the board of the trustees by:

Elaine Healey
Trustee

BRITTLE BONE SOCIETY (BBS)

STATEMENT OF TRUSTEES' RESPONSIBILITIES

FOR THE YEAR ENDED 31 MARCH 2023

The trustees, who are also the directors of Brittle Bone Society (BBS) for the purpose of company law, are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;

- observe the methods and principles in the Charities SORP;

- make judgements and estimates that are reasonable and prudent; and

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended) and the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

BRITTLE BONE SOCIETY (BBS)

INDEPENDENT AUDITOR'S REPORT

TO THE TRUSTEES OF BRITTLE BONE SOCIETY (BBS)

Opinion

We have audited the financial statements of Brittle Bone Society (BBS) (the 'charity') for the year ended 31 March 2023 which comprise the statement of financial activities, the balance sheet and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2023 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005 and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and the provisions available for small entities, in the circumstances set out in note 21 to the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities Accounts (Scotland) Regulations 2006 (as amended) require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities, the trustees, who are also the directors of the charity for the purpose of company law, are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows;

- we identified the laws and regulations applicable to the charity through discussion with the CEO and Treasurer and for a charity and we deem these to be standard charity laws and regulations, as well as obligations as an employer;
- the engagement partner ensured that the engagement team were aware of this and collectively had appropriate competence, capabilities and skills to recognize non-compliance with applicable laws and regulations over the course of their audit work;
- we further assessed the extent of compliance with the laws and regulations identified above and in our fieldwork found no areas of non-compliance.

We assessed the susceptibility of the charity's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by;

- making enquiries of management as to where they considered there was a susceptibility to fraud, and their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we;

- performed a full comparison of the annual results to identify any unusual or unexpected amounts;
- tested journal entries to identify any unusual transactions;
- considered whether judgements and assumptions made in determining the accounting estimates were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions where found

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to;

- agreeing financial statement disclosures to underlying supporting documentation;
- discussion with management over any actual or potential litigation or claims against the charity;
- reviewing correspondence with relevant regulators and legal advisors where any potential non-compliance exists; and
- discussions with management and trustees detailing high level review of the activities of the year, and investigation of any matters that would impact upon the financial statements.

Due to the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulations. This risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion or misrepresentation.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Charity information

Brittle Bone Society (BBS) is a private company limited by guarantee incorporated in Scotland. The registered office is Grant Paterson House, 30 Guthrie Street, DUNDEE, DD1 5BS.

1.1 Reporting period

The charitable company was dormant for the period from incorporation until 31st March, 2022 and hence comparative figures are all nil. The transactions from the charitable trust for the previous year are given by way of appendix to these accounts for clarity over the charity's position over the two years.

1.2 Accounting convention

The financial statements have been prepared in accordance with the charity's Articles of Association, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended), FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Charities SORP "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.3 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.4 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Designated funds comprise funds which have been set aside at the discretion of the trustees for specific purposes. The purposes and uses of the designated funds are set out in the notes to the financial statements.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

1.5 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

1 Accounting policies **(Continued)**

1.6 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.

1.7 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freehold land and buildings	2% Straight line
Fixtures and fittings	25% Straight line
Computers	33% Straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.8 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts.

1.10 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

1 Accounting policies **(Continued)**

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.11 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.12 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

16 Retirement benefit schemes

Defined contribution schemes

The charity operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the charity in an independently administered fund.

The charge to profit or loss in respect of defined contribution schemes was £2,558 (2022 - £-).

17 Restricted funds

The income funds of the charity include restricted funds comprising the following unexpended balances of donations and grants held on trust for specific purposes:

	Movement in funds		Movement in funds			
	Incoming resources	Balance at 1 April 2022	Incoming resources	Resources expended	Transfers	Balance at 31 March 2023
	£	£	£	£	£	£
Trusts and general welfare funds	-	11,762	158,205	(7,828)	(75,027)	87,112
Individuals funds	-	25,695	40,790	(116,550)	75,027	24,962
	-	37,457	198,995	(124,378)	-	112,074

(a) Restricted Funds are made up of many Funds that have been set aside for a specific purpose, for example, for wheelchair purchases or welfare purposes. There are also Funds that have been restricted to be spent in specific areas.

At the year end the balance of £87,112was split across more than 21 separate funds, with the vast majority of funds being held in the Motability fund at £64,745.

(b) Individual Restricted Funds are made up of many Funds that are only available to be spent on specific members. At the year end the charity held funds for over 20 such members, with the total value of £24,962.

18 Designated funds

The income funds of the charity include the following designated funds which have been set aside out of unrestricted funds by the trustees for specific purposes:

	Movement in funds			
	Incoming resources	Balance at 1 April 2022	Resources expended	Balance at 31 March 2023
	£	£	£	£
Wheelchair & Equipment fund	-	74,129	(27,325)	46,804
Research fund	-	190,000	(14,950)	175,050
	-	264,129	(42,275)	221,854

(a) The Wheelchair and Equipment fund is a designated fund, established in 2016 with additional funds added in 2021. The Trustees review the amount held within this fund and where appropriate add to it.

(b) The Research fund is a designated fund, established in 2016 after a large legacy was received. The Trustees have decided to make these funds available to help become more acutely involved in and part of relevant research. This is being actively pursued now, and the trustees agreed to increased this fund by £130,000 in 2022 to give more flexibility to the type and timing of the research that can be supported. One project was funded in the year to 31st March, 2023 and funds committed to another pending ethical approval, which has now been granted.

19 Analysis of net assets between funds

	Unrestricted funds 2023	Designated funds 2023	Restricted funds 2023	Total 2023	Total 2022

Current assets/(liabilities)	291,505	221,854	112,074	625,433	-
	342,437	221,854	112,074	676,365	-

20 Related party transactions

One of the trustees was assisted with the purchase of a wheelchair during the year with funds from the new Motability restricted fund. All normal procedures were applied in the application and acceptance process.

21 Non-audit services provided by auditor

In common with many businesses of our size and nature we use our auditor to assist with the preparation of the financial statements.
